Aiming to assist those with Myalgic Encephalomyelitis, Chronic Fatigue Syndrome, & Fibromyalgia

Please
help us to help you
by
becoming a member of our association

*As a member you will receive a printed copy of our
24-page bi-monthly journal, filled with coping
strategies, ideas & other useful info so you won't feel
so alone in your hunt for comprehension & answers.*

*You also have access to our member Facebook Page,
Email, Webpage, and a contact list of other sufferers.*

*You can also talk to one of our volunteers on the
phone during our office hours.*

**Sufferers, carers, friends, family & any other supporters
(especially medical & allied-health practitioners)**

of those with

**Myalgic Encephalomyelitis (ME),
Chronic Fatigue Syndrome (CFS)
and Fibromyalgia (FM)**

are all welcome as members.

**For us, it gathers the numbers to unite as a force to inform
both the Queensland and Federal Governments and the
Medical & Wellness industries just how & how many sufferers
do & might exist.**

**We believe there are many out there suffering alone;
unknowingly & unsupported.**

**We lobby for research funding into these disabling illnesses &
for health and wellbeing services for those with them.**
